PROJECT NAME:

24.36 kW Solar PV with 14.34 kWh Battery Backup

PROJECT INVOICE:

D16981-HYBRID

PROJECT DESCRIPTION:

Design and installation of a 24.36 kW DC solar photovoltaic system, integrated with a 14.34 kWh Maple Leaf battery backup system. The system includes 41 x Thornova TS-BGT72(580) modules, LuxPower LXP-LB-US 12k inverter, and TIGO OPTIMZER units. Installation per site plan at 83 Watford St, Beaconsfield, QC H9W 5Y2, Canada.

CONTRACT PRICE:

Total Project Cost: $50,893.33 + HST = $53,437.99
Total Labour Cost: $15,400.00 + HST = $16,170.00
Total Equipment Cost: $35,493.33 + HST = $37,267.99

Docusign Envelope ID: 7D9B5355-0A1F-4468-820F-4AC6A18551EF

PAYMENT SCHEDULE

EQUIPMENT:

Shall be paid for in full in advance of the start date of the project so that the Contractor can deliver the equipment to site in a timely manner.

Equipment Cost: $37,267.99

INITIAL DEPOSIT – Milestone 1:

Amount: $38,884.99
(= Equipment $37,267.99+ 10% of labour $1,617.00)
Purpose: Secure project start date
Due on: Upon contract execution

Milestone 2 – Post-Installation Pre-Inspection Payment:

Amount: $11,319.00
(= 70% of labour)
Due on: Upon completion of installation, prior to final inspection

---

Milestone 3 – Final Payment:

Amount: $3,234.00
(= 20% of labour)
Due on: Upon successful final ESA inspection

TOTAL PROJECT LABOUR COST: $16,170.00

APPENDIX A: TERMS AND CONDITIONS

Contract Work.

The "Work" consists of the work described in Appendix B: Scope of Work (the "Work") to be performed by Solar Power Store Canada Ltd. (the "Contractor") in respect of the Project.

Turnkey Responsibility.

This project is being delivered as a turnkey solution. As such, the Contractor acknowledges full responsibility for the project's delivery and functionality, including all work completed by its subcontractors.

Warranties.

- **Solar Panels: 30-year manufacturer power production warranty.**
- **Battery: 15-year manufacturer warranty.**
- **Inverters: 10 years on string/hybrid inverters.**
- **TIGO Optimizers: 25 years.**
- **Workmanship: 10-year warranty on labour. This includes installation faults or workmanship errors.**
- **System Performance: The Contractor warrants that the installed system (including inverter hookup and all components provided by Solar Power Store Canada Ltd.) will function in accordance with the approved design and performance expectations at time of commissioning, unless damaged by:**
    - **Client tampering or unauthorized modifications**
    - **Acts of nature or extreme weather**

Insurance & Liability.

The Contractor maintains comprehensive liability insurance and shall be liable for any damage to the Client's home or property caused by its employees or subcontractors during installation. Contractor agrees to supervise all subcontractors and warranty their work under this agreement. This warranty excludes components and responsibilities of Hydro/utility companies beyond the Contractor's point of connection.

Invoicing and Payment.

Payments shall be made according to the schedule outlined. Late payments are subject to a 5% monthly late fee. Contractor may charge a stored payment method if a balance is overdue by more than 24 hours.

Changes.

Docusign Envelope ID: 7D9B5355-0A1F-4468-820F-4AC6A18551EF

Any requested change to the project scope or design may require a formal change order, adjustment to price, and/or revised schedule. Contractor will not be obligated to act on change requests without written authorization.

Delays.

Delays beyond the Contractor's control (e.g., permitting, utility delays, or weather) will not be considered default. Reasonable extensions shall apply.

Default.

If the Client fails to pay within 7 days of a due date, becomes insolvent, or otherwise breaches the agreement, the Contractor may suspend work and deem all amounts due immediately.

Limitation of Liability.

Contractor shall not be liable for indirect or consequential damages including loss of use, income, or business. Contractor does not guarantee uninterrupted power or insurance coverage for grid-related interruptions.

Waiver Clause.

Client acknowledges and waives any further claims after final payment, provided the system was installed and commissioned as per the scope and no damages were incurred by the Contractor or its personnel. This waiver does not apply to issues covered under the stated warranties.

APPENDIX B: SCOPE OF WORK

Solar Power Store Canada Ltd. agrees to perform the following tasks:

- **☑ Mount solar panels on the roof per site plan**
- **☑ Install battery backup system of capacity 14.34 kWh**
- **☑ Install inverters**
- **☑ Install rapid shutdown**
- **☑ Run Teck cable from roof to side of house and install AC disconnect within 1 meter of hydro meter**
- **☑ Run Teck cable to main service panel (MSP) and connect via breaker**
- **☑ Final inspection**
- **☑ Leave site clean and free of debris**
- **☑ Oversee and warranty any subcontractor work**
